PISTACHIOS
FROM OUR TREES IN THE HEART OF DESERT

GREEN KERNEL PISTACHIOS

Green Kernel Pistachios are obtained through the harvest of unripe pistachios, when the kernel is not yet yellowed. Peeled kernel is known as the most premium and expensive among all types of kernels. Green Peeled kernels can be classified into 4-5 types, which can be differentiated from the percentage of green color in them for instance dark green, green, greenish, yellow and light yellow. They are mostly categorized according to these grades: S, A, B, C, D

PISTACHIO KERNELS

Pistachio kernels are obtained from both closed shell and natural open nuts. Depending on customer taste and market any variety of pistachio in shell can be shelled and become pistachio kernel. They come in three different types as following:
Whole Pistachio kernel grade A
Pistachio kernel grade B
Ice cream grade

KALEH QOUCHI PISTACHIO

Kaleh Qouchi is renowned for its large size hence called jumbo. It has round shape but larger than Fandoghi. Common sizes: 18-20, 20-22, 22-24
