## FOOD GRADE PINK SALT

HubSalt® has capabilities and equipment to produce the finest quality of Food Grade Pink Salt. Although we can custom-produce any grain or particle size as per buyer's requirement, at present we bulk produce 3 standard grain sizes widely popular across many countries and markets,

**Super Fine** grain is very popular with confectionery and snack food makers, it adds a unique touch to the potato chips or biscuits or baked delights that were ordinary when made with plain white salt,

**Fine** grain salt is the best mineral rich replacement of common table salt and cooking salt. It's crunchy particles dissolve on the palate and leave a savory taste.

**Coarse** grain salt is widely popular for use with handy crushers on your breakfast table. The experience of crushing your own salt over your breakfast and food is a different feeling in itself.

And to know that your salt comes from experienced hands and the quality guarantee of Hub Salt, nothing could be better!

**WE CAN CUSTOM-PRODUCE ANY GRAIN OR PARTICLE SIZE AS PER BUYER'S REQUIREMENT, AT PRESENT WE BULK PRODUCE 3 STANDARD GRAIN SIZES.**

1. Unsorted product feed tray with the bucket elevator

2. Unsorted product passing on concealed conveyor belt.

3. Grain detection under high sensitivity cameras. Unwanted grains are whisked away with a high pressure air shot.

4. Close up of conveyor belt while grains are being screened through cameras.

5. Final product discharge- clean and sorted salt.

## CRYSTALLINE ROCK SALT SORTING

HubSalt®'s Himalayan Pink Salt are optically sorted using the world's best and ultra-sensitive hi-tech sorting machines. The process ensures that your salt has no bad particles, grit, stones or any other such impurities.

Buy the best, buy with confidence of Hub Salt's premium quality!
