UNITED OIL is dedicated
to sourcing, processing and
selling palm oil in a sustainable
manner

We are committed to:

Advocating the journey to no de-forestation through the conservation of High Carbon Stock (HCS) forests and the protection of peat areas regardless of depth.

Building traceable and transparent supply chains.

Respecting the rights of employees in the palm oil industry, indigenous peoples and local communities.

Increasing the focus on driving beneficial economic change and to ensure a positive social impact on people and communities.

Food Safety at United Oil

Sustainable Palm Oil

Committed to ethical trade, United Oil follows RSPO Supply chain Certification Systems – version (Feb 2020). Being RSPO certified members for Mass Balance and Segregated Models, we aim to help create a sustainable future for communities, employees, wildlife and the environment.

Halal

Guarantees that any of United Oil products meet the requirements of Islamic law. They can be marketed towards Muslim populations anywhere around the world.

Food safety Management Systems – Requirements

United Oil Processing and Packaging was awarded the ISO 22000 in the food sector of oil and fat.

Food Safety System Certificate

United Oil became the first Egyptian company to be awarded the FSSC 22000 in both Food Production and PET Packaging.
