

SAFE-PROOF YOUR PRODUCTION

Automating your line has never been easier with the scalable solutions from Sapal. By using modular units they can be easily adapted to meet future needs, including greater production volumes and higher speeds. Combined with an extensive range of after sales services, we are there to support you today and tomorrow.

Our comprehensive portfolio of services tailored to your specific needs includes Modernization, Spare Parts, Field Service, Technical Audit and Training for your employees. Everything has been designed for a single purpose: to assist you in achieving maximum output and minimum downtime for your Sapal packaging machines. Additionally, we can provide a refurbishment service for your used machines. This means we can purchase, refurbish and sell your machines, providing an economic alternative for your investment.

PACKAGING SOLUTIONS SOUP CUBES & TABLETS

Choose a reliable partner that shaped the market for more than 110 years.

SELECT YOUR PERFECT SOLUTION

DBD 0500

Soup Tablets / Wrapping Machine

With the DBD 0500, Sapal offers a single format machine developed using the company's worldwide knowledge base and expertise. The DBD 0500 has a twin wrapping head, three-side heat seal, designed for the mid-range speed wrapping of soup tablets.

By ensuring that the product weight does not change even if the thickness varies with the density of the mixture, the solution guarantees product savings of up to 10%. The DBD 0500 has a maximum output of up to 500 tablets per minute.

- Adjustable product thickness
- Easy to use and to maintain
- Reliability
- Choice of wrapping material
- Perfect folding and sealing, still easy to open
- Ergonomic
- Excellent wrapping quality

CHOOSE THE RIGHT PARTNER

Focus on long-term partnership that delivers results today and tomorrow.

Keeping in mind how challenging it is to differentiate your product on supermarket shelves, we create unique solutions that help you stand out at point of sale. Offering a wide range of pack styles, we can recommend a solution that will both appeal to your customers and help you maintain effective production.

BENEFITS

- Brand differentiation with a premium pack style
- Short delivery time of spare parts
- Worldwide sales network and extensive after-sales support
- Whole range of high-speed machines with long lifecycle
- Optimized changeover time
- Fast return on investment

DBD 0600

Soup Cubes / Wrapping Machine

With the DBD 0600, Sapal offers the same technology as the DBD 0500, especially conceived for soup cubes.

The DBD 0600 offers speeds of up to 600 wraps per minute and with the use of different types of wrapping material, including aluminium and OPP laminates, the machine provides greater flexibility and savings.

Additionally, thanks to an accessible and dismountable folding box layout, as well as the pivoting cover on the heat sealing channel, the machine is easy to clean and to maintain.

- Adjustable product thickness
- Easy to use and to maintain
- Reliability
- Choice of wrapping material
- Perfect folding and sealing, still easy to open
- Ergonomic
- Excellent wrapping quality
