# CONFECTIONERY

The demands of society are taken into account when developing Zar goods. Our goal is to create goods that address the many demands and societal aspirations. To help our customers' diets and lifestyles. We try our best to offer nutritious items of the highest quality. Our mission is to follow and develop it while creating commercial prospects, value, and employment chances. Our goal is to make inexpensive food available to everyone in society by offering it quickly and at a reasonable price. The beginning of the story was storing crops and making excellent pasta, but this wasn't the end for us. We recognized the importance of snacks in relation to other meals of the day, therefore in a new season with fresh grains, we started along the sweet path of the confectionery sector by creating snacks made of flour and related goods. The largest exporter of pasta, wheat, and fructose in Iranian industry, Zar Group, is here with you with its latest products of Cake, Wafer, Biscuit, Cracker, Toffee and Chocolate products to be the sweet flavor of your days.
