

SINCE 1971

GOYUM GROUP

● EXTRACTION ● REFINING ● RECYCLING

A Govt. of India Recognised Star Export House

AN ISO 9001 & 14001 CERTIFIED COMPANY

CERTIFIED

SOLAR PV SOLUTIONS

GOYUM GROUP

SOLAR POWER

Solar PV means solar photovoltaic, a form of technology involving systems that use solar cells to capture the sun rays and convert that energy into electricity.

WIN-WIN SOLUTIONS FOR ALL

Solar PV Plant not only helps customers to generate electricity, it also helps to reduce the carbon footprints and cuts down the cost.

Goyum's Innovative practices

- Help to utilize roof space even after installing the solar PV Plant
- Reduces implementation time setting up plant with Zero Civil work
- Simplifies maintainance with non-penetrating structures

Installation spread over 30
Cities in 12 States

Over 30 MW Contracted on
EPC basis

Over 70+ Happy customers

GOYUM GROUP

Reduce carbon
foot prints

Low cost Green
energy

India has set an ambitious target of achieving 100 GW of solar power capacity by 2022. It will comprise 40 GW rooftop and 60 GW of utility scale grid-connected solar power projects, making India one of the largest green energy producers in the world.

TURNKEY SOLAR PV INSTALLATIONS

With focus on quality and timely execution, GOYUM delivers customized solar PV Solutions at optimal cost within stipulated timelines

Rooftops

- Provides both off-grid & Grid connected solutions
- For Industrial and commercial buildings, institutes and Public sector undertakings
- On Variety of roofs- Inclined and curved roofs, Elevated structures, car parking etc.

Ground Mounted

- Solution for ground based solar projects ranging between 100 KW to Multiple MW Installations

O&M

- Goyum has a dedicated Solar O&M team, Helping customers keep their assets productive
- Operates and maintain over 4MW worth of solar projects
 - Offers flexible annual maintenance contracts

Educational Institute
 Area: 3000 SQM
 Capacity : 286 KWp
 Type: RCC Roof (Elevated structure)

Leading Automobile Manufacturer
 Area: 5000 SQM
 Capacity : 500 KWp
 Type: Car Parking

Edible Oil Manufacturing Company
 Area: 10,000 SQM
 Capacity : 1000 KWp
 Type: factory Shed

Leading gas processing company
 Area: 70,000 SQM
 Capacity : 5760 KWp
 Type: Industrial Shed

IT Park Project
 Area: 950 SQM
 Capacity : 90 KWp
 Type: RCC Roof

GOYUM GROUP
 • EXTRACTION • REFINING • RECYCLING

Manufacturer & Exporter of

Vegetable Oil Extraction Plant | Soybean Oil Extraction Plant | Palm Kernel Oil Production Line | Solvent Extraction Plant | Cooking Oil Refinery Plant |
 Aqua, Poultry & Animal Feed Plant | Oleochemical Plant | Used Engine Oil Re - Refining Plant | Rice Mill Machinery | Flour Mill Plant |
 Industrial Shredders | Used Tyre Pyrolysis Plant | Steaming Solution | Solar PV Solution | Water & Waste Water Treatment Plant | Food Processing Solutions
