

# HNCO ORGANICS

## COSMETIC CATALOGUE

## Industry We Serve

**HNCO Organics** started as a herbal ingredients manufacturing brand and eventually entered the cosmetic industry to promote plant-based, environment-friendly cosmetics.

We believe in the power of nature, and we strive to use only the best natural and organic ingredients. Our products are free from harsh chemicals, artificial fragrances, and other harmful substances that may harm your skin or the environment.

Our cosmetic range includes a variety of skincare, hair care, body care and baby care products that cater to different needs, skin types and age groups. We use herbs, plant extracts, and essential oils to create unique and effective formulations that work in harmony with your body's natural processes. Each ingredient that we use is chosen for its specific benefits and properties, such as soothing, moisturising, anti-inflammatory, anti-aging, and more.

We take pride in our commitment to quality, and aim to cater to a brand who wants to make a difference.
