

AHANJAYAS®

Wrapped With Love

SINGLE-USE-STICK PACKAGING BROCHURE

Single-use stick packaging is versatile and suitable for a wide range of granulated products. Whether it's food, beverages, supplements, or other granular items, you can explore various packing options with different height dimensions to suit your specific product and portion requirements. This flexibility makes single-use stick packaging an excellent choice for portion control, convenience, and product freshness across many industries.
