

Bringing Frozen Solutions  
to the Middle East

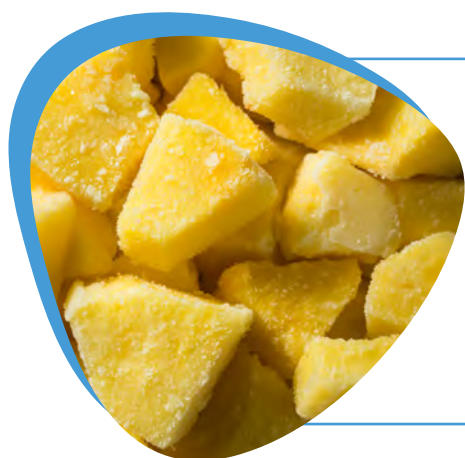

IQF Foods Manufacturing LLC is the largest supplier and co-packer of frozen fruits and vegetables in the Middle East. We source our premium frozen ingredients worldwide and bring them directly to Dubai, where we pack them as private label, white label, smoothie sachets/cups, milkshakes, and frappes, or sell them as premium IQF ingredients.

## OUR FROZEN SOLUTIONS

We are stocking an extensive range of over 40 different fruits, vegetables, and premium frozen drops. We carefully select all our fruits and vegetables from farmers we know in the best-growing regions worldwide. We take pride in sourcing directly from the farms at origin and pack it ourselves in the UAE.

Within hours of harvesting, our partners carefully clean and cut our fruits and vegetables and then individually freeze each piece to preserve all its texture and freshness.

### IQF IS THE NEW FRESH

-  Maintains the quality and preservation of the food
-  Fruits and vegetables are available all year-round
-  Zero wastage
-  IQF is more nutritious
-  IQF is fresh frozen
