AUTOMATION THAT RUNS ON INNOVATION

BREAKTHROUGH SOLUTIONS FOR A FAST GROWING INDUSTRY

With the implementation of on-site automation, the future of facilities is rapidly changing and becoming more user-friendly and cost-effective while improving sanitation, maximizing labor, and ensuring employee safety.

OUR PROTEIN BRANDS

ALKAR Armor Inox **COZZINI** **CV·TEK**

DANF●TECH **DRAKE** **HINDS-BOCK** maurer-atmos

MP EQUIPMENT *pacproinc* **RAPIDPAK**

scanico **THURNE** VISIONPAK

Inherent flexibility, reliability & productivity accompany **Middleby's** truly innovative automated robotic systems.

MEET OUR FACILITY AUTOMATION & SANITATION BRANDS

PART OF MIDDLEBY COMPLETE LINE SOLUTIONS

COLUSSi ERMES

Washing | Sanitizing | Drying

- ✅ **Automatic & highly versatile washing systems** including Salami Washing, Tunnel Crate Washing, Rack Washing and Bin Washing

- ✅ **Crate Washer with Spin-Dryer** high capacities in a minimum footprint - up to 6,400 crates/hour

- ✅ **Highest quality hygienic systems for optimized efficiency**

PROXAUT

Automated Guided Vehicles

- ✅ **Move load units through industrial facilities**

- ✅ **PC manages AGV traffic**

Key-Log

Automated Logistic Solutions

- ✅ **Secondary Packaging Solutions** including Carton & Case Erecting, Automated Case Packing, Automated Palletizing

- ✅ **Intelligent End-of-Line Systems** including integrated pallet transport systems, storage point and empty pallet stackers, corner diverters, roller conveyors, 4-Axis rotating platforms, shuttles, and modular belt

- ✅ **Equipped with rugged PLC, motors, safety sensor, fully enclosed battery and programmed paths for safety and autonomy**

- ✅ **Real time data collection to share with ERP**

VEMAC

AGV Robot Loading | Unloading

- ✅ **Meat Preparation w/ SS hygienic design LGV capability**

- ✅ **Hanging Station**

- ✅ **Rack loading & unloading sanitary design AGV handling** from catch weight and full traceability thru thermal and further processing

- ✅ **Press and shape** to increase prosciutto slicing yields w/ MAXISTAMPO

- ✅ **Peeling, tempering and slicing/packaging lines interface**

- ✅ **Automatic bacon combing & decombing**

Meet tomorrow's technology, today.
