Quality Control & Storage

Commitment to quality is the essence at 521 FOODS PRODUCTS and this is the reason why the company has access to the world's most discerning customers. More habit than just procedures, the stringent quality specifications set by the company is what makes it stand apart. No wonder our company has all the necessary certifications both in basmati rice and foods manufacturing

Not a millimetre less than quality, uncompromised hygiene standards:

Quality is never compromised by 521 FOODS PRODUCTS at any cost, so to ensure the qualitative delivery of the product all other operations such as: packing, stuffing, fumigations are carried out in house before exports, to maintain quality. Hygiene standards are followed from production till packaging. Best paddy is extracted from the certified and standardized sources, which are eminent for their excellence. A selective seed usage is also ensured, refined treatment is provided I to the seeds, nursery sowing, and preparing field in skilled way for transplantations.

Infrastructure

What does it take to produce the most sought-after, world-class basmati rice? The answer is simple world-class rice processing plants. And that's something 521 FOODS PRODUCTS knows all about, perhaps better than most. Its rice factory at Taraori (Haryana) is one milling capacity - 40 metric tonnes per hour. Not only that, the plant is ISO 9001-2008,. The entire initial activities of processing, length grading, separators and de -husking are carried out in house to ensure the quality of the product to be up to global standards. Organization uses color sorter (which are six in number) machines with the joint packaging capacity of 48 tons per hour, with meticulous electronics that combines embedded system with Digital Image technique perfectly that can only be described as impeccable.

Awards

We are thrilled to announce that the highly prestigious Wining Award has been awarded to 521 Food Products! This accolade serves as a testament to the exceptional quality and dedication that the brand has consistently demonstrated in the food industry.
