

OLYMP

FINEST FLAVORS FROM GREECE

KONSTANTOPOULOS S.A.

Konstantopoulos S.A. "Olymp"

is a world-leading exporter of Greek table olives and extra virgin olive oil with over 65 years of experience.

By engaging in close cooperation with more than 5,000 selected producers around Greece, we source the finest olive varieties and process them in a wide array of styles and forms to give our customers an exceptional choice.

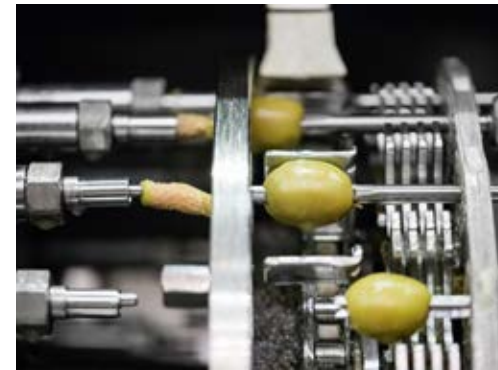

We combine many decades of experience with intensive technical and academic knowledge. Through this, we have become a truly innovative company, raising the industry standards across the sector.

Konstantopoulos S.A. "Olymp" consists of 3 large-scale plants with state-of-the-art production equipment which complies with the strictest quality standards. With a capacity of over 20,000 tons of table olives and olive oil, along with a fully automated production process, we employ over 400 people, so we can guarantee delivery of only the finest olive products all year round.

Exports account for 95% of our sales, making Konstantopoulos S.A. a truly international company, present in six continents: North America, South America, Europe, Asia, Australia and Africa. Our experienced production and sales team recognizes and understands the different preferences of each market. We offer flexible custom solutions to our customers, listening to their needs to help them maximize their sales.

We believe a company's growth must simultaneously ensure the protection of the natural environment, allowing both to exist harmoniously. The unique growing conditions of Greece are what make our products so exceptional. We are highly committed to ensuring the stability and vitality of our unique environment through all of our production processes. Blessed by our surroundings, we have committed to reduce the environmental impact of our operations.
