Dear Dr. Bertrand,

I hope this message finds you well. I want to take a moment to personally thank you for your outstanding keynote remarks at the recent Nursing Strategic Planning Retreat to our nurse leaders at NYC Health + Hospitals. On behalf of our Chief Nursing Executive, Dr. Natalia Cineas, and the entire team, we deeply appreciate the time and expertise you shared with us.

My name is Kanish Patel, and I work closely with Dr. Natalia Cineas and Kim Keller in the Office of Patient-Centered Care at NYC Health + Hospitals/Central Office. At NYC Health + Hospitals, we are committed to enhancing leadership development across our healthcare facilities and teams. We greatly admire your work in leadership development and are deeply interested in inviting you to facilitate a one-day leadership training session at NYC Health + Hospitals/Metropolitan.

The one-day leadership development session will include a group of nurse leaders from the NYC Health + Hospitals/Metropolitan facility, who are eager to develop their leadership skills, particularly in the areas of addressing biases and fostering a collaborative, healing environment. We would like you to focus on these themes:

- **Workplace Culture and Environment** – *biased behavior, fairness, equality, culturally aware*
- **Leadership and Accountability**
- **Trust and Support**
- **Process and Structure** – *policy and procedure improvement, standard work*

We believe your expertise in leadership development would be invaluable in helping our leaders navigate these challenges. We would be grateful if you could design the training based on a list of biases and issues that we have identified, which we can share with you ahead of time. This will allow you to tailor the content to our specific needs, ensuring that the session is both impactful and practical for our nurse leaders.

To show our appreciation for your time and expertise, we are happy to reimburse you for your training fees, as well as any related travel and accommodation expenses.

Please let us know if you would be available to partner with us for this important training, and we can identify a training date in early 2025 based on your schedule. We would be thrilled to have you lead this session and look forward to the possibility of working together to strengthen our leadership teams and create a more inclusive and supportive work environment at NYC Health + Hospitals/Metropolitan.

Thank you for considering our invitation, and I look forward to your response.

Warm regards,
