

SparxIT to Showcase Agentic BI Platforms and AI-Powered Solutions at GITEX Global 2025

Dubai, UAE – September 29, 2025: SparxIT, a leading digital transformation company, will showcase its next-generation AI-powered platforms at [GITEX Global 2025](#), the world's largest technology and startup event. Taking place from **October 13–17 at the Dubai World Trade Centre**, the company will debut its **Agentic BI Platforms (Vizability and SpxBI.AI)**. They will also showcase AI solutions, such as **SpxCommerce** (an AI-driven eCommerce suite), [Postpen.AI](#) (an AI-powered LinkedIn growth suite), and **What's Your A** (an AI-led productivity app), designed to boost visibility and growth.

Unveiling AI-Powered Flagship Innovations at GITEX 2025

SparxIT will reveal five of its flagship products for everyone, whether you are an individual or a business (startups, SMEs, and enterprises). Attendees will get an exclusive look at innovative solutions designed to boost growth and efficiency. Here's a quick look at the product highlights.

Agentic Business Intelligence Platform

Vizabiliti

SparxIT will also showcase [Vizabiliti](#), an AI-driven BI platform built for CXOs. Featuring predictive insights, data consolidation, unified enterprise data, **natural language querying (Ask Vizi), and intelligent dashboards**, Vizabiliti turns data chaos into clarity. It empowers leaders to move beyond static reporting into actionable intelligence and faster decision-making.

SpxBI.AI

Another product that SparxIT will showcase is **SpxBI.AI**. It is an intelligent BI platform designed to empower eCommerce businesses with data-driven decision-making. With **intelligent automation, autonomous workflows, real-time insights, and an AI agent**, it streamlines reporting and enables leaders to make faster, smarter, and more strategic business decisions.

Next-Gen AI-Powered Enterprise Platforms

At GITEX Global 2025, SparxIT will showcase [SPXCommerce](#), a one-of-a-kind **cloud-native and composable commerce platform** built on **microservices and AWS scalability**, with AI-driven personalization, React storefronts, mobile apps, PIM, OMS, and BI dashboards. Apart from that, they will present [Postpen.AI](#), a **multi-model LinkedIn content generation platform** powered by OpenAI, Anthropic, Google Gemini, DeepSeek, and Llama that transforms videos, PDFs, and webpages into impactful **LinkedIn posts** within minutes. At the event, SparxIT will also demonstrate ['What's Your A'](#), an **AI-led productivity app** that utilizes the **ABCDE method**, My Day scheduling, and the Pomodoro focus technique to maximize efficiency.

Talking about the event, **CEO of SparxIT, Vikash Sharma**, stated, "GITEX Global has always been the epicenter of innovation, collaboration, and digital disruption. It connects pioneers, decision-makers, and businesses that are shaping the future. We are excited to showcase our products. These platforms are built to transform enterprises with **intelligence, scalability, and measurable ROI**. This event is a milestone in our journey to empower businesses worldwide with AI-powered digital transformation."

SparxIT's experts will host live demos and interactive sessions at **Hall H13, Booth C39**, highlighting real-world use cases of **agentic AI, BI platforms, and composable commerce solutions** that are redefining enterprise transformation.
