

Avahi Showcases AI On AWS At GITEX Global 2025

Premier-tier AWS Partner brings live demos of its AI agent and cross-industry use cases to Dubai, inviting meetings that focus on fast ROI, security, and compliance

Dubai, United Arab Emirates, October 9th, 2025 — Avahi, a trusted Premier-tier Amazon Web Services [AWS] Partner, will showcase production-ready AI solutions at GITEX Global, the world's largest tech, AI, and startup show, taking place at the Dubai World Trade Center from October 13 to 17. Visitors can experience live demos at booth H26-09, meet Avahi's team, and book working sessions focused on near-term business impact and clear next steps.

This presence supports Avahi's objectives for the GCC and global markets, namely to increase brand awareness, highlight its AWS Premier Tier credibility, drive booth traffic and qualified meetings, capture live customer and social proof during the show, and convert post-event interest into tangible pipeline.

What attendees will see at Avahi's booth [H26-09]

- **AI Agents, live**, designed for real-world workflows, from intake and screening to follow-ups and referrals, with analytics, transcripts, and summaries that flow into existing systems.
- **Cross-industry use cases**, including customer experience, operations, and data workflows for sectors such as healthcare, finance, insurance, media, and software.
- **Speed to value**, packaged engagements and accelerators that make it easy to start, with defined milestones and outcomes.
- **Security and compliance**, AWS-native architectures with least privilege access, encryption at rest and in transit, auditability, and enterprise guardrails.

Customer impact and measurable outcomes

Across recent projects, Avahi's teams have delivered quantifiable improvements that matter to operators and finance leaders alike, such as shorter cycle times, lower handling costs, accuracy improvements in data-heavy processes, and increased conversion. Avahi will share live proof and social proof at the booth, including anonymized snapshots of results, so attendees can evaluate fit and time to value in context.

Plan Your Visit

- Visit Avahi at GITEX Global, Dubai World Trade Center, October 13 to 17, booth H26-09, from 9 am to 6 pm.

About Avahi

Avahi is a Premier-tier AWS Partner delivering advanced AI and cloud solutions that accelerate digital transformation. Known for speed, technical depth, and a customer-centric delivery model, Avahi helps small to mid-sized businesses and enterprise teams scale faster, optimize costs, and securely modernize operations on AWS. From data engineering to AI copilots and voice agents, Avahi delivers innovation with measurable impact.
