LM TEK Unveils Next-Gen Liquid Cooling at GITEX Global 2025

Dubai World Trade Center, Hall 1 | Booth H1-B60

LM TEK is bringing the future of liquid-cooling to Dubai at **GITEX Global 2025**, the world's largest tech and start-up show, where industry leaders gather to showcase breakthroughs in AI servers, High Performance Computing and next-gen PC hardware.

Book a meeting with the LM TEK team, where we'll debut the **RM-4U8GPU liquid-cooled server rack**, fully optimized for AI workloads with support for the latest NVIDIA H100/H200 and RTX Pro 6000 GPUs.

Powered by an enterprise grade liquid-cooling solution, the RM-4U8GPU delivers maximum compute density, with support for up to **8 x 600W GPUs** and **2 x 500W CPUs**, with unmatched thermal efficiency to push AI performance further than ever.

We'll also showcase the latest **EK liquid-cooling solutions** for Intel, AMD, and NVIDIA RTX 50 Series, including a preview of upcoming product releases for Zotac and Gigabyte. Book a meeting at the link below!

See you at the GITEX Global 2025!
