# Edubuk June 2025: A Month of Breakthroughs, Partnerships & Global Impact

 Empowering Innovation at AKTU's Navomesh 2025 AI Hackathon

 Launch of TruCV Campaign – The Future of CVs

 Blockchain Adoption at Scale – 8,500+ Transactions YTD

 Partnership with Prashanti Group of Institutes

 300+ Certificates Recorded on Blockchain for Paris-based Institute

 Launch of [edubukceta.com](https://edubukceta.com)

 Global Thought Leadership at London Business School

June 2025 was truly a milestone-packed month for Edubuk!

From powering hackathons with blockchain verification to launching new platforms for learning and credentials, this month was all about innovation, scale, and global thought leadership.

Here's a look at the key highlights:

### 1. Empowering Innovation at AKTU's Navomesh 2025 AI Hackathon

At the 24-hour AI Hackathon under the Navomesh 2025 Innovation Challenge, hosted by Dr. APJ Abdul Kalam Technical University, Edubuk ensured every participation and winner certificate was securely recorded on the blockchain.

A big thanks to Kalam Centre for Innovation and Incubation of Startup Foundation AKTU (KCIISF) for trusting our technology to make innovation verifiable!

### 2. Launch of TruCV Campaign — The Future of CVs

We rolled out early registrations for TruCV, our blockchain-powered CV platform.

With TruCV, individuals can build tamper-proof, globally verifiable academic and professional records — redefining how resumes are built and trusted.

### 3. Blockchain Adoption at Scale — 8,500+ Transactions YTD

By the end of June 2025, our blockchain infrastructure processed 8,500+ transactions, including 5,000+ this month alone.

This milestone is proof that verifiable digital credentials are rapidly gaining traction worldwide.

#### 🎓 4. Partnership with Prashanti Group of Institutes

We joined hands with Prashanti Group of Institutes to bring our CETA (Certified Emerging Technologies Analyst) Examination and TruCV to their students.

This empowers learners with no-code skilling in AI & emerging tech, while also providing blockchain-backed CVs to showcase their skills.

#### 🌐 5. 300+ certificates recorded on Blockchain for Paris based Institute

Through our MoU with EiC Corporation, iCapital Ventures, and SILK ROAD BUSINESS SCHOOL, Edubuk recorded 300+ certificates on-chain for associates in Paris.

Each certificate is authentic, tamper-proof, and verifiable on blockchain — a huge step in making global recognition seamless.

#### 🌐 6. Launch of edubukceta.com

We launched edubukceta.com, a dedicated hub for our CETA Program, which is set to become the Global Gold Standard for no-code skilling & assessments in AI and emerging technologies.

#### 📚 7. Launch of edubuklms.com

Our brand-new Learning Management System now offers:

✅ 10 beginner-friendly, no-code courses in AI, Blockchain, Data Analytics & more

✅ Each course packed with 10 eBooks + 10 videos for effective, accessible learning

## 🗣️ 8. Global Thought Leadership at London Business School

Our CEO, Apoorva Bajaj, CFA, was invited to speak at a high-profile event hosted by TerraForum at London Business School, UK.

He shared insights on Web3, AI, and the future of education & employment, putting Edubuk at the forefront of global conversations.

### 🌟 Looking Ahead

June 2025 showed us what's possible when innovation, partnerships, and vision come together.

At Edubuk, we remain committed to building the world's most trusted platform for verifiable learning, credentials, and career growth.

Gratitude to all our partners, institutions, and users who continue to place their trust in us. The future is verifiable — and we're building it together. 🚀
