EDUBUK APRIL 2025

GROWTH, RECOGNITION & IMPACT

5000+ ON-CHAIN TRANSACTIONS
via TruCV & eSeal

BLOCKCHAIN CERTIFICATION
FOR WOMEN STUDENTS

TOP AI & EMERGING TECH
COURSES LIVE ON LMS

REPRESENTATION AT IIT DELHI
PLATFORM

CEO PANELIST AT
TERRA FORUM, DUBAI

SELECTED BY SAMRIDH
PROGRAM VIA WE HUB

April 2025 was nothing short of transformative for Edubuk — a month that showcased our commitment to innovation, strengthened our partnerships, and expanded our impact across education, business, and technology ecosystems.

From empowering women students with blockchain-based credentials to signing strategic MoUs for campus-wide adoption of our platforms, every milestone this month reinforced our mission: building global gold standards in emerging tech skilling & credential verification — from India to the world.

🌟 Key Highlights from April 2025

1 Scaling Blockchain Adoption with TruCV & eSeal

We crossed 5000+ on-chain transactions in a single month through our TruCV and eSeal platforms, bringing transparency, trust, and verifiability to credentials and records at scale.

2 Empowering Women in Tech

In collaboration with the Innovari initiative at Usha Mittal Institute of Technology, we issued blockchain-based certificates to women students. This milestone isn't just about technology — it's about equity, empowerment, and enabling future-ready careers through verifiable credentials.

3 Expanding Learning Opportunities

Three of our top 10 no-code AI & Emerging Tech courses are now live on our LMS: www.edubuklms.com. This step is part of our commitment to make

industry-relevant, accessible, and hands-on learning a reality for learners everywhere.

4 Strengthening Campus Collaborations

We continued our MoU signing spree across North India, paving the way for campus-wide adoption of our TruCV and Certified Emerging Technologies Analyst (CETA) programs – helping students graduate with credentials that matter in the real world.

5 Representing Edubuk at Premier Platforms

Participated in the Unnati AI Inauguration at IIT Delhi, engaging with Dr. Panneerselvam (PS) Madanagopal, CEO of MeitY Startup Hub (MSH) – Govt. of India.

Our Co-Founder & CEO Apoorva Bajaj, CFA was a Panelist at Terra Forum, sharing deep insights on AI x Blockchain synergies.

6 Supporting MSMEs with GenAI for Business

We engaged with Micro, Small & Medium Enterprises through interactive sessions on AI for Business Growth, as part of our Generative AI for Business course – helping MSMEs navigate the AI revolution with practical, growth-focused strategies.

7 National Recognition: SAMRIDH Program Selection

We were selected by the SAMRIDH Program under MeitY Startup Hub, Govt. of India via WE Hub, a Government of Telangana Initiative. This recognition

validates our AI & Blockchain-powered skilling and credentialing model and its potential for large-scale impact.

Looking Ahead

The momentum we built in April sets the stage for an even more impactful year. With continued support from our students, partners, and institutional collaborators, we're excited to scale innovations, expand global outreach, and shape the future of skill verification.
