Bombbar Protein Bars

With these nutritious protein bars, you can grab a bite on the go and stay healthy. Whey protein concentrate is highly digestible and makes it easy to still hunger. The bars are sugar-free. Their tasty flavor comes from stevia, a natural herbal sweetener.

Our line of protein bars is broad with many varieties. It includes classic bars with 20g protein per portion, chocolate covered bars, wafer bars, crispy «crunch» bars, and low-calorie, low-carb slim bars.

Protein Cookies and Pancakes

A great alternative for those who prefers a familiar form, but expects a dessert to be highly functional and good for health. These cookies are made of whey protein concentrate and enriched with fiber, which promotes a healthy digestion.

The cookies are sugar-free with healthy sweeteners only. The dough contains vitamin-rich coconut oil and, depending on the product line, collagen. In products designed for vegans, whey protein is replaced with pea and pumpkin protein, so that the cookies make your diet diverse and free from lactose.

Energy Drinks

Bombbar Energy are sugar-free vitaminized energy drinks created for those who care about health and want to live a bright, active life! The energizing effect is thanks to caffeine from guarana seeds.

Guarana caffeine works slowly and steadily. This means the energy level stays high for a long time with no spikes or side effects. Bombbar Energy drinks support energy balance and improve metabolism with vitamins B, C, L-carnitine, and taurine.

COCO chocolate bars

COCO bars are similar to the chocolate from your childhood but they are free of sugar or artificial colors and always have natural fillings. The bars are presented as five flavor varieties: Coconut, Coconut & Pineapple, Chocolate Coconut, Nougat & Peanuts, and Coconut & Mango & Passion Fruit.

The bars are sweetened with oligofructose, a natural sweetener and source of fiber. The chocolate is also fiber-based with the addition of the prebiotic inulin. Snaq Fabriq is an everyday sweetie where there is no need to correlate the amount of protein to body weight. Delicious for kids, convenient for parents!
