OMYPOP PROUDLY PRESENTS

# POUCH PACK SERIES

HEAT-POPPED	SOURCE OF FIBRE	NO TRANS FAT	NO PRESERVATIVES
OMYPOP POPCORN IN EXCLUSIVE POUCH PACKAGING .....			
OMYPOP Popcorns are popping on everyone's favourite snack chart, and we are confident that they will pop in your country too. So explore the world of heat-popped popcorns in exclusive foil packaging with us and get a front-row seat to experience the wonders of happiness in every snacking moment.			
These exclusive pouch bags provide an excellent barrier to moisture, light and bacteria. In addition, the bags are flushed with food-grade nitrogen to keep bags perk on display, keep popcorns staying fresh and helps increase shelf life. Pouch bags are also more cost-efficient than their canister counterpart, giving a higher profit margin.			
PACKING SIZE : 100g X 24	M3 : 0.043	20' FT : 690 CTNS	40' HC : 1625 CTN
9557152601001 (PC- 057) <b>Classic Golden Caramel</b>  <b>Caramel-Coated Popcorns</b> Light and fluffy with notes of sweetness and a subtle hint of bitterness from the almost burnt caramel.	9557152601018 (PC- 058) <b>Umami Tomato Ketchup</b>  <b>Ketchup-Coated Popcorns</b> Savoury-sweet, tangy and umami, it's a symphony of flavours that shouts tomato ketchup without the drips and squirts!	9557152601025 (PC- 059) <b>Secret Smoky Barbecue</b>  <b>Barbecue-Spice-Sprinkled Popcorns</b> Sweet, savoury and tangy with evenly sprinkled of spices and just the right amount of smokiness, each bite is a harmony of flavours right out of the barbecue pit.

# SKS Food Industries

## THE FORCE BEHIND THE SNACK .....

We manufacture our snacks from scratch, starting with raw ingredients and making them into the holy grail of snacks—OMYPOP Popcorns and two other snack brands, MISTER COCO Mini Coconut Cookies and WAVEE Potato Chips. All made possible behind the scenes of SKS Food Industries.

Established in 1978 in Johor, Malaysia, we started with baked coconut cookies before air-popping and heat-popping popcorns in 2015 and hiking into the world of popped potato chips in recent years. Constantly innovating towards a healthier way of manufacturing snacks.

We specialise in producing popcorns, coconut cookies, and potato chips and have produced

over 2,500 tonnes per year for the local and international markets. Aside from manufacturing and marketing our house brand, our manufacturing facility is also equipped to facilitate OEM and ODM services, complying with the HACCP, ISO 22000 Food Safety requirements and halal certification.

Popcorn is our superstar snack, ranking highest in productions and sales. This flying colour leads us to the rebranding of OMYPOP Popcorns to equip for more extensive opportunities. We have big plans—introducing new flavours and variety packs while constantly improving texture, fluffiness, crispiness and flavours to reach a jungle of snackers, no matter where in the world.

To date, our popcorns have been distributed to more than 30 countries, spreading happiness to more and more people around the world. As the owner, the maker, and the distributor of the brands, we are opening and seeking partners to distribute and explore the snack market's nooks and crannies with us. We sincerely believe we can crunch to every corner of the globe if we did this together.

We are happily popping popcorns since 2015, and the more we pop, the further our popcorns expand. For further distributorship enquiries:
