

Broadway Sweets is a family owned business, founded in 1984, as a distributor of candies. We started manufacturing lollipops in 2008 under the brand STUMBO. Currently we are one of the largest manufacturers and distributors in South Africa. We export to 20 countries. Our factory in Johannesburg, South Africa is equipped with the latest technology, which enables us to manufacture high quality bubblegum centred lollipops with super refined quality sugar in varieties of flavours, and in various sizes to accommodate demands of other countries' market requirements.

Broadway Sweets is ISO 9001:2015 certified. This makes us to be more efficient, with quick turnaround to deliver orders timeously.

STUMBO is our internationally registered flagship brand. We also manufacture Fligos Eclairs, chewy centred pops, and Brats sour pops. Recently we started manufacturing STUMBO Bubblegum, STUMBO Candy and Ice Up Menthol Candies.
