CHOCO LUXOR

ABOUT US

ANL Food Inc. Co. has founded in 2005 in Istanbul, continues its journey in the food industry with bold investments and an innovative vision, aiming to leave a lasting mark. With our unique brands like Minicco, Wafino, Luxor and Lexus, we are introducing new flavors to the world of sweets.

In our state-of-the-art 50,000 m² facilities in Istanbul, we produce our chocolate and confectionery products to world standards, certified with international BRC, FSSC, and Halal certifications. Under the Minicco brand, we craft licorice candies, while Wafino delights with its exquisite cornets, Luxor offers unique wafers, and Lexus stands out with its aromatic-filled chocolates, targeting to all age group.

At ANL Food Inc. Co., we export to over 90 countries, creating a global sweet revolution. Through our special packaging designed for New Year, Valentine's Day, and other special occasions, we bring the universal language of chocolate to our consumers. Each of our carefully crafted products symbolizes quality, trust and taste on store shelves.

**WE EXPORT TO MORE
THAN 90 COUNTRIES**

QUALITY AND FOOD SAFETY MANAGEMENT POLICY

- Committed to being a preferred food company in the memories of all domestic and international consumers in the global food market; offering delicious, healthy, innovative products
- Setting goals and monitoring the continuous improvement of quality, food safety, food defense, and compliance with Halal requirements.
- Ensuring the continuity of the quality culture.
- Using meticulously selected, reliable inputs in collaboration with our business partners and customers.
- Upholding product/brand integrity and meeting customer requirements.
- Continuously reviewing and improving all processes from our suppliers to our consumers.
- Utilizing qualified human resources, supporting our employees through training, and promoting teamwork.
- Supporting our employees to increase their social responsibility awareness and encouraging them to act with respect for the environment, in line with the principle of efficient resource utilization.
- Focusing on delivering products that meet national and international food safety standards, legal requirements, and Halal conditions, at competitive prices, while providing the best service in our class.
- Improving our processes with new technological investments.
- Ensuring that there are no steps in our facility that could lead to imitation or adulteration.
- We commit to providing quality, delicious, and reliable products.
