The Royal Mallows

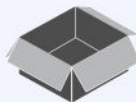

A sweet whisper from the Shadows of History

In the shadowed streets of Victorian London, where secrets whispered under gaslight, a covert regiment—the Phantom Army—served the Crown in silence. Their legacy? Nearly vanished... except for one trace.

Among a recluse investigator's notes, a single clue: a ghostly confection, light as mist, fleeting as memory.

Ghostly Collection

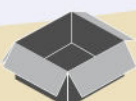

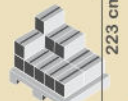

The spectral soldiers of the Phantom Army reappear.

Shadowy cavalry, silent sentries, and ghostly cannoneers fade into fog—etched in sugar and smoke.

A fleeting march through memory, captured in every bite.

Enigma Collection

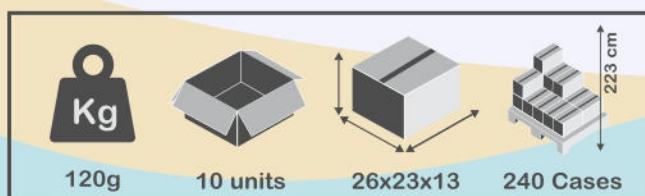

A cabinet of curiosities from
London's hidden corners.

Symbols of riddles and
revelations—magnifying glasses,
wax seals, old keys, gloved
hands, and secretive stares—
adorn each piece.

A sweet nod to the unseen.

41005 C - City Collection

City Collection

An imperial echo of grandeur and
silence.

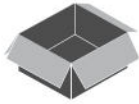

Crowns, scepters, chandeliers,
Parliament, and the watchful eyes
of powdered nobility return in
ornate detail.

A bite of timeless elegance.
