

BeeNZ<sup>TM</sup>

HONEY *of* NEW ZEALAND

Nurturing Nature, Sharing Our Goodness

# What Sets BeeNZ™ Apart

## Commitment to Quality & Authenticity:

We are dedicated to providing pure New Zealand Mānuka and Kānuka honeys.

## Family-Owned Business:

100% New Zealand-based, we manage every step of the honey-making process, from extraction to processing to packing.

## Premium Product with Great ROI:

BeeNZ™ ensures high-quality products that offer excellent returns on investment for your business.

## Private Label & BeeNZ™ Brand:

We offer both our BeeNZ™ brand and can bring your Private Label vision to life, with the expertise of our skilled team.

## Global Reach:

BeeNZ™ exports to over 13 countries, catering to the specific needs of your business.

## Our Values:

- We are trustworthy
- We are natural
- We are family
- We are BeeNZ™

Corporation

## Kanuka Honey

### *Nature's Remedy for a Natural You*

Experience the powerful, naturally occurring anti-inflammatory benefits of our Kanuka Honey.

- A natural superfood perfect for healthy recipes
- Delicately sweet with notes of light butterscotch and a floral finish
- A skincare essential for soothing rosacea, acne, and cold sores

# Which Mānuka Honey is best for me?

Manuka's powerful, naturally occurring antibacterial properties set it apart from all other honeys. These benefits vary in strength, and to ensure authenticity and quality, we use the Unique Mānuka Factor (UMF™) grading system, developed by the UMF™ Honey Association. The UMF™ rating guarantees genuine Mānuka honey, assigning a number that reflects its unique potency.

For unlicensed private labels, we offer the MGO grading system, which ranges from MGO 83+ to MGO 829+, with the number indicating the honey's antibacterial strength.

 BeeNZ™ Mānuka Honey UMF5+	 BeeNZ™ Mānuka Honey UMF10+	 BeeNZ™ Mānuka Honey UMF15+	 BeeNZ™ Mānuka Honey UMF20+
Subtle Earthy Flavor - Entry level unique antibacterial Mānuka properties	Medium Earthy Flavor - Medium level unique antibacterial Mānuka properties	Medium/Bold Earthy Flavor - High level unique antibacterial Mānuka properties	Bold Earthy Flavor - Highest & rare level unique antibacterial Mānuka properties
Best for daily use	Great for daily use alongside other superfoods	Best used for illnesses and topical wounds	Best used topically or for severe colds & flus
Great for cooking & baking	Great for hot drinks and boosting immunity.	Perfect for hot drinks & sore throats.	Great for abrasions, cuts, burns and wounds.

## UMF™ vs. MGO Scale

UMF	MGO
5+	≥ 83
10+	≥ 261
15+	≥ 512
20+	≥ 826

# Quality Assurance

We've passed all the tests

At BeeNZ™, quality and integrity are at the heart of everything we do.
