Intercare Limited has been in the market since 1969.

Intercare Limited has been in the market since 1969, offering revolutionary products and unprecedented services in Washroom Hygiene, Floor Care, Cleaning chemicals, Powder Coating, Steel & Fencing, and Wastecare Management segments across GCC.

Intercare Limited: About Us

Intercare Limited has been in the market since 1969, offering revolutionary products and unprecedented services in Washroom Hygiene, Floor Care, Cleaning chemicals, Powder Coating, and Wastecare Management segments across GCC.

Our commitment to innovation, precision, and continued excellence in the delivery of products and services to our clients have been the prime drivers of the organization's success in the industry.

Quality and Sustainability are synonyms with Intercare, we'd like to continue serving clients and communities, aiding a better tomorrow.

InterCare Chemicals: Establishment

The state-of-the-art manufacturing and R&D facility which was established in 1990, is spread out over **15,000 sq. Ft.**

The factory employs highly qualified office staff and skilled and trained shop floor work staff.

Products manufactured here include Home Care, Air Care (Aerosol & Non-Aerosol), Fabric Care, and Personal Care. The factory has a total production capacity of **14,000 metric tons/year.**

The factory Holds **ISO 9001 and ISO GMP 22716 - 2008** certificates (Good Manufacturing Practices) awarded by ISO.

Intercare Chemicals: R&D and QC

The research and development initiatives are carried out in the dedicated R&D division spread out over **1500 sq. Ft.** space where new and innovative products are conceived and formulated by qualified and experienced professionals.

Advanced Analytical Instruments ensure the efficacy, quality, and practicality of new products. Moreover, during production, the QC process is strictly followed and samples from each batch are maintained for future reference.

Product development and quality assurance processes are carried out by complying with global standards and **GMP (ISO)** guidelines.

Before every new product reaches the end-user, stringent quality measures are engaged to ensure the highest standards of quality.

The main motto is that Product quality is assured before delivery. **COA (Certificate of Assurance)** is provided for each product batch.

Intercare Chemicals: Supply Chain

In order to ensure that the quality of each product unit is delicately maintained and rightly distributed to the destined location, proper storage facilities and intelligent logistics methods should be enforced.

The company's purposely built storage space spreads out over a **10,000 sq. ft.** and complies with **FIFO(First-in-first-out)** standard.

Intercare Chemicals: Health & Safety

In the factory and premises, the safety of the people is of paramount importance. All the factory staff strictly follow **safety & personal hygiene** protocol measures as per the **ISO standards**. The manufacturing unit is credentialed with Fire and Safety certification provided by the **Sharjah Civil Defence** department.

Apart from that, to provide emergency first aid service at the premises, multiple eyewash stations, and shower stations are installed and first aid kits are available at multiple points.

Moreover, emergency **Mock Drills** are conducted on a regular basis. By engaging in these drills, employees maintain their readiness to respond to any emergency situation.

Intercare Chemicals: Quality Certificates

Intercare Chemicals: Product Categories

The products manufactured at Intercare are classified as:

1. **Air Care:** Air Fresheners, Odour Neutralizers, Multi-Purpose Deodorizer
2. **Floor Care:** Detergent, Floor Polish, Stain Remover, Spray Buff
3. **Home & Laundry Care:** Detergent, Detergent Concentrate, Fabric Softener, Fabric Softener concentrate
4. **Disinfectants:** Floor disinfectant, Multi-Purpose Disinfectant, Surface Disinfectant, Air Disinfectant

These products are marketed in the MENA region under the Company's own Intercare and Care brands.

Contract manufacturing and **Private label manufacturing** services are also available!

Intercare Chemicals: Contract Manufacturing

Intercare offers its high-quality manufacturing facilities to companies who want a world-class ready manufacturing infrastructure that can be a home to their products away from home keeping their stakeholders' trust intact.

We undertake **Contract Manufacturing** where we meticulously follow the manufacturing, packaging, and logistics guidelines of our business partners to make sure that their requirements are fulfilled seamlessly.

The factory has a total production capacity of **14,000 metric tons** per year with purpose-built storage facilities and intelligent logistics methods in place.

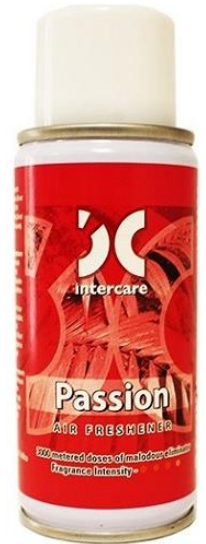

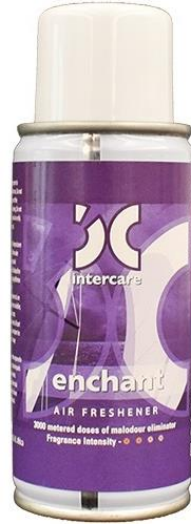

Hence, Intercare retains the ability to cater to mega projects of all sizes, keeping the production and supply-chain process intact.

Intercare Chemicals: Private Label

Intercare also extends its services to companies who want to market superior products in their **own private labels and brands**.

Thanks to the advanced and precision manufacturing and supply chain process, Intercare manufactures and markets **dish-washing liquids, hand sanitizers, bleaches, disinfectants, and a range of hygiene products** to leading hypermarkets, supermarkets, and eCommerce platforms, under their own labels.
