A WIDE VARIETY OF PHARMACEUTICAL FORMS

Our portfolio provides you with every common, modern or innovative form – including tablets, capsules, liquids, powders, effervescent and chewable tablets, lozenges, sachets, jelly beans and gums.

WE ARE YOUR PARTNER FOR PRIVATE LABEL – NUTRITIONAL SUPPLEMENTS AND HEALTH PRODUCTS

Euro OTC Pharma is your partner for private label and provides you with the highest quality nutritional supplements and health products. Our full service includes contract manufacturing, product development and packaging development as well as packaging, all supported by unrivalled customer service.

Euro OTC Pharma GmbH has been distributing its wide range of first-class and well-proven nutritional supplements on the international market with a steadily growing trend since 2005. Our brands have an extensive range of high-quality products to support a healthy lifestyle.

Increasing demand for private label brands has led us to offer both ready-to-go and tailor-made product concepts for our international customers.

Our competent team of nutritional scientists ensures continuous development of new products based on the latest scientific findings. In this context, we observe European directives and ensure high bioavailability of the substances we use.

Our various product ranges not only serve the needs of all the family; office workers and gamers will also find high-quality nutritional supplements developed for their specific needs in our portfolio.
