	2017	201	- 2019			.021-	2024-25
ATC was getting matured in business and further strengthened the back-end operation by putting 1st Sortex machine.	It was a Boom! It was time to "make the right move at the right time" as the market opportunity for ATC had grown multi fold by achieving a new milestone of the largest Ground Nut Exporter in India and that not for a year but 3 consecutive years.	When a company witnesses a market opportunity of that big a scale, streamlining the process is the first target. You need to set your house in the right order. That's when this business Group entered into a new business of IPM & Organic food by putting a plant by the name of R K IND EXPORT PRO LTD,	n export division was also launched by this time to explore foreign markets; R K Exports had the challenge to first win over the market and create a usted name in something ore receptive. Two things worked in K IND EXPORT PRO LTD evor-Reputation for purity and competitive pricing.	Once we established ourselves as a reputed name in IPM & Organic products started digging deep into this field and established our first ICS in Jodhpur, Barmer areas by connecting with farmers.	The company had to do a few things right, beginning with surpassing export barriers. It managed to receive the BRCGS certification & global food safety program, the Hazard Analysis Critical Control Point. USDA, EU, NPOP & NOP, Sedex & BRCGS, Kosher, Vegan, Non-GMO, Gluten Free certifications & Membership of American Spice Trade Association & European Spice Association too. Few ventures were made in the US & European markets.	R K Group, came into existence with 3 companies under their umbrella R K IND EXPORT PRO LTD, Jiya Organic Inc, Global Farm Organic Pvt Ltd., And Sapna Foundation for CSR activities. R K Group started a new venture by opening India's first Luxury Café & retail experience store under their Brand "FARM ORGANIC".	R K Group transformed the plant into the global standard automatic plant with Sortex, grading, Grinding, TBC cut, and Automatic Packing unit to enhance our capacity and facility to the next level. Plan to launch our Farm organic Brand in the USA & UAE markets to be a Global Brand.

RK Group is dedicated to revolutionizing organic farming by delivering premium quality products through sustainable practices. We aim to create a thriving eco system that empowers farmers & Women, uplifts communities and nurtures future generations, all while preserving the harmony of Mother Earth.

SUSTAINABILITY

"Empowering Farmers, Enriching Communities, Protecting the Planet" At RK Group, sustainability is at the heart of everything we do. We partner with over 5,000 farmers through six ICS in Rajasthan, promoting eco-friendly farming practices, fair trade, and social upliftment. By supporting child education, women empowerment, and sustainable livelihoods, we are not just growing organic produce—we are growing hope, harmony, and a better future for our communities and the environment.

TRACEABILITY

"From Farm to Fork: A Journey You Can Trust" Traceability is our promise of transparency and quality. At RK Group, every spice and herb is meticulously tracked from its origin to your doorstep. Using advanced systems, including blockchain-enabled solutions and detailed farm records, we ensure every product meets the highest standards of authenticity and safety. With RK Group, you can trust that every pinch of flavor comes with a traceable story of purity and care.

To revolutionize the organic & nutritious food industry by sourcing ingredients in their purest form, rejuvenating Mother Earth's soil, and fostering a healthier, more sustainable, & socially responsible future. Farm Organic aspires to be a global symbol of trust, authenticity, and innovation, delivering homemade flavors and natural aromas to every corner of the world.

OUR STORY

1975

Established in 1975 in the small village of Belwa, Jodhpur, RK Group's journey began with the humble Anil Trading Company. Focused initially on trading and logistics, the company's entrepreneurial spirit propelled its evolution into a global force with the launch of RK INDIA EXPORT PRO LTD. in 2017. This transformation marked a turning point, as the company ventured into premium food brands with the introduction of Farm Organic and InSpice.

2025

By 2025, RK Group consolidated its growth and emerged as a powerhouse in the food industry, offering both conventional and organic products through three distinct companies under its umbrella:

The group's operations are rooted in a sustainable and ethical framework, working alongside over 5,000 organic farmers through its six Internal Control System (ICS) programs across Rajasthan, India. This initiative ensures the delivery of vibrant flavors and high-quality products to consumers around the globe while fostering economic and environmental sustainability.

A COMMITMENT TO COMMUNITY

Central to RK Group's vision is its Corporate Social Responsibility (CSR) arm, the Sapna Foundation. Through this NGO, the group actively contributes to community development, women empowerment, and child education. These efforts underscore RK Group's dedication to creating shared value and uplifting the communities it touches.

A LEADER IN THE INTERNATIONAL FOOD INDUSTRY

Today, RK Group stands as a leader in the international food industry, seamlessly blending traditional values with innovative practices. From its roots in Belwa to a global footprint, the company continues to transform lives and enrich tables worldwide, embodying its mission to build a legacy of trust, quality, and sustainability.
