WELCOME TO THE GARDEN OF PERSIA.

The Garden of Persia has always been a magical place, that exists for real.

In fact, it was already mentioned in the Old Testament where it was defined as "Heaven on Earth". The special diverse climates, the generosity of nature, the presence of clean water and the abundance of sunshine give life to fruits and vegetables with an intense and distinctive flavor. Real excellence, unmistakable typicality.

The garden of Rahmani Group.

No one respects the land more than those deeply rooted in it. As passionate gardeners, the family dedicates itself to cultivation, growth, and harvesting. Seeking the best quality, Rahmani family began producing healthy food, starting with raisins and pistachios.

WE ARE RAHMANI GROUP.

A family company with over 147 years of experience in the food business.

Coming from one of the pioneer agricultural families, we are determined to combine healthy ingredients, traditional flavors, innovation and technology to create a deep connection between food, people, and cultures.

A passion for farming, a love for sharing, an obsession for quality.

From day one, we have been cultivating the fruit of our land to bring people together with delicious food, rooted in the culture of ancient Persia and perfected with modern food science.

OUR VALUES, YOUR NOURISHMENT.

We grow with global reach, Benefiting from tradition, imagination and innovation. We think big and act with integrity and respect.

"My father was a farmer. He cherished his motherland with all his heart. He would spend his days in the fruit gardens and the vineyards of Narjabad in Maragheh to cultivate what he loved the most. I continued my father's passion and his journey. Because of the love and commitment which I have towards the people of my homeland, all my efforts have been in line with introducing and providing my fellow Iranians and other nations around the globe, with products that have been cultivated here and have their roots arising from our enriched culture, because people deserve the best."

Mohsen Rahmani - Founder

A close-up photograph of a hand holding a piece of almond bark. The bark is a dark, glossy, and textured confectionery, studded with numerous almond slices and green pistachio pieces. Below the held piece, a stack of several more pieces of the same almond bark is visible, creating a sense of abundance. The background is a solid, dark grey, which makes the vibrant colors of the nuts and the sheen of the bark stand out. The lighting is soft, highlighting the textures of the nuts and the smooth surface of the bark.
