

*a new gastronomy solution for
chefs, caterers and restaurateurs*

WHO ARE WE ?

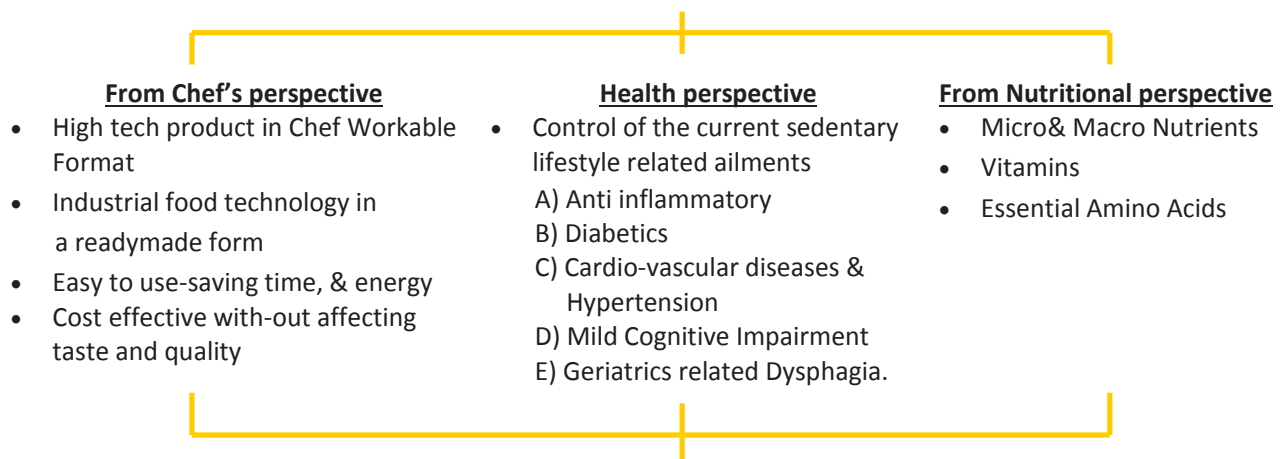

Fanar Al Khaleej is a One-Stop-Shop solution ; whose primary objective is still, to be of service to the food industry but on a much grander scale. We are into food ingredients, food engineering, industrial/commercial refrigeration, modified atmosphere storage, product development up to basic research in improving human health. We have always been a major player in the food industry not only in the UAE but all throughout GCC, other neighboring countries and India . With continuous research for product development and trainings being attended by our technologists and engineers, our pursuit for perfection is incessant thus our clients could expect even better products and solutions as we keep on moving forward.

Thus Fanar wanted to share our experience and knowhow with you Great chefs who are the source of our inspiration for the FOOD INDUSTRY thus **Emerged Chef Tech**

WHAT IS CHEF-TECH?

A master chef is considered an impeccable artist, who not only designs and displays myriad menus in the culinary gallery, but also successfully makes a lay man an ardent lover of food! Such a designer, if he has easy access to the perfect dish-sculpting tools, will work wonders in the food service world! This is precisely the very purpose why “**Chef Tech**” was created & launched. **ChefTech** literally brings complete technical knowhow, nutritional facts & functionality of ingredients at the Chef’s work station.

WHY CHEF-TECH?

Thus emerged Chef-Tech where the chef has a additional know how of science in a platter.
