

# BARKAT FRISIAN AGRO LTD.

PASTEURIZED EGG PRODUCTS MANUFACTURER

Barkat Frisian, Pakistan's largest egg products manufacturer is a Joint Venture with a Dutch company, Frisian Egg BV.

The company has production facilities in the Netherlands, China, Egypt and Pakistan.

All plants operate under strict EU food safety standards.

**HIGHEST QUALITY AND PERFORMANCE IN THE FOOD INDUSTRY**

# WHAT WE DO?

## CONVENIENCE

Food processors and bakeries are spending too much time and effort on producing egg blend for their recipe. You now don't need to maintain unhygienic egg breaking in-house.

## FOOD SAFETY

With our state of the art European plant, in house micro and analytical laboratory and a team of dedicated professionals, we make sure that the finish products are completely food safe.

## COMPLIANCE AND CERTIFICATES

We follow strict levels of hygiene and European standards. We have FSSC 22000, ISO 9001, HALAL, URSA, Mondelez and Dubai Municipality.

## CUSTOM PACKAGING

Different packaging options are available as per customer requirement from 05 kg to 1000 kg.

## VALUE ADDITION

We can provide egg products in any conceivable composition and blend sugar and salt as per customer needs.

**Johan Stuiver**

## **CHAIRMAN'S MESSAGE**

We believe in delivery our finest results to our customers and firmly hold to our values in our business model. Our eggs are procured farm fresh from our trusted business partners all over Pakistan. I personally commend our partners who have put their faith in us as we made our advent into Pakistan, and have helped us achieve this milestone. We hope to expand our business family by extending our hands to customers seeking reliable business suppliers, while incorporating our Dutch values in this vast and rapidly developing country.
