# Our Brands

Our Le Chocolat brand offers a wide variety of items which are intended for the most quality demanding food service/HORECA professionals, as well as retail intended products. The range can be seen as below:

- Fillings and spreads (intended for different applications and purposes)
- Topping sauces
- Couverture and compound chocolate (bulk packing)
- Chocolate chips
- Bulk chocolate pralines

Our Ray's brand offers excellent value for money products which gives our customers the ability to conveniently and easily improve the taste of the simplest and most complicated creations. The range can be:  
400-gram glass jars  
Bigger sized food service buckets (from 500-gram to 20kg buckets)

Snaktive offers consumers the option to have both an indulgent and functionally boosting snack with active ingredients. Our range of functional chocolates address important body functions which are illustrated below:

- Immunity
- Collagen
- Probiotics
- Energy
- Mood
- Brain
