

PK-70 VL

Specifications

Machine	PK-70 VL Salt
Nominal Speed dry run	Upto 120 pouches/min
Connected load	8kW, 415V, 3Ø+N, 50Hz
Air consumption at 6 Bar	1.2 NL/Cycle
Machine size WxLxHt (mm)	1200 x 2000 x 2700
Machine Construction	Fully stainless steel construction
Film Pulling	Servo
Cross Seal	Servo
Pillow Bag Width Size (mm)	70 – 230
Pillow Bag Height Size (mm)	75 – 325
Filling Capacity	50 cc To 1000 cc
Packaging Material	Co-Extruded LDPE or All Heat Sealable Laminates

Salient Features

- Stainless Steel Rugged construction
- Servo driven pulling system
- Servo driven cross seal
- Lubrication free machine
- Thermo weld heat sealing system
