ECS BREADCRUMBS

ECS Paneermeel produces breadcrumbs in different colours, types and sizes. ECS also sells cornflakes and panko. The modern factory built in 2016 has one of the highest production volumes in Europe. We supply standard products (commodities) and tailor-made products (specialties).

Coatings Solutions

- Breadcrumbs
- Cornflakes
- Panko

MASTERMIX

Mastermix specialises in coating solutions (breaders, batters, tempuras and clear coats) and develops products for the meat, fish and poultry processing industry, the potato industry and the vegetarian segment. Almost all the products are tailor-made. Apart from these coating solutions, Mastermix also supplies breadcrumb mixes and taste products (spice blends, rubs and sauces) and functional blends. Thanks to MasterMix's wealth of in-house expertise, the company is able to work closely with its customers and play an active role in helping them to develop the desired finished products.

Coating Solutions

- Breadcrumb mixes
- Breaders
- Batters
- Tempura's
- Clearcoats (fries)
- Predust and Postcook

Taste

- Spice blends
- Rubs
- Dry marinades
- Sauces

Functional Blends
