www.ctpack.com

CT Pack was founded in 1995 with the aim of creating a leading company capable of providing **horizontal primary wrapping and end-of-line solutions**.

The company merges the excellence of leading firms in the specific fields of distribution systems and row aligners with **MOPA** (1971), horizontal primary wrapping with **OTEM** (1957) and flexible end-of-line solutions with **VORTEX** (1980).

With an aggregate of 65 years of experience, CT Pack represents a consolidated source of equipment and experience in supplying **turn-key solutions to the food industry**.

CT Pack is a specialist in **food packaging with a focus on bakery, chocolate, ice cream and frozen food**, providing full turn-key packaging lines starting from the individual unwrapped product and continuing all the way to case-packing.

A dedicated Service Team is prepared to support our customers in all the requests related to spare parts, technical assistance, training and upgrade projects.

We are continuously strengthening our **local presence around the world** thanks to the establishment of subsidiaries in **US, Mexico and China**, with the goal of providing our customers with creative engineering, delivery of superior equipment, highest efficiencies and responsive service.

Complete **PACKAGING SOLUTIONS** for:

Ice Cream

Chocolate

Bakery

Frozen Food
