Customized products

Customized Products

In Ecopack, we are fully equipped to customize your products with your logo, print and any specification your product may require.

We provide both registered and random printing on our tulip and lotus moulds, on all papers: white, brown and kraft.

Make your products unforgettable to your clients' eyes!

Tulip and Lotus moulds

Ecopack is able to print both your tulip and lotus moulds, for the perfect finishing to your product.

Registered or random printing

Want your design all over the moulds? Or perhaps you want it the perfect spot? We can print in both registered and random printing, to give you the freedom of designing your final product to the last detail.

White, brown or kraft paper

Choose the paper that fits your product design and print it. Ecopack is able to print up to 4 colours!

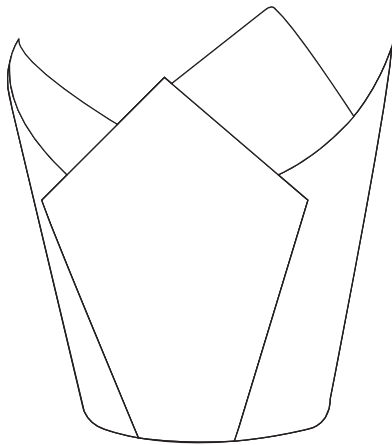

*To provide you with the perfect fit for your product, Ecopack is fully equipped to print your logo or design in both **registered and random printing** on our tulip and lotus moulds.*

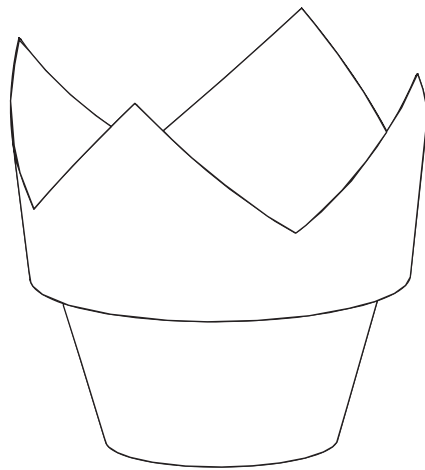

Customizable moulds

Print any Ecopack's mould to enhance your product presentation: we can print both tulip and lotus baking moulds, to make your muffins and cupcakes look just as great as they taste!

Printing Options

Registered printing

Looking for a minimal, elegant look?

The registered printing is what you're looking for.

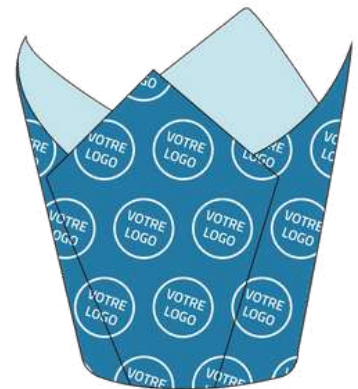

Design your product down to the last detail: with our precise technology, we are able to print your logo exactly where you prefer it.

Looking for a product that will showcase your brand perfectly?

Print up to 4 colours on your baking mould and give your product a customized look that will make it unforgettable.

Ecopack's printing capabilities will make recognizable, marketable products that will enhance your company's brand awareness!

Random printing

Negative printing

Transform your baking cups with our negative printing technique! Use less ink for a naturally appealing look, perfect for products aiming for a simpler aesthetic.
