MLC

Single point weighing platform
CE Approved

Find out more
about the
product on
odeca.it

940CC

Single point weighing platform
CE Approved

Find out more
about the
product on
odeca.it

PEC

Four load cells weighing platform
CE Approved

Find out more
about the
product on
odeca.it

PFA INOX

**AISI304 Stainless steel IP68 four load
cells weighing platform - CE Approved**

Find out more
about the
product on
odeca.it

PFA INOX IP69K

AISI304 Stainless steel IP69K four load
cells weighing platform - CE Approved

Find out more
about the
product on
odeca.it

2001/4C

Weighing platform with 4 load cells
CE Approved

Find out more
about the
product on
odeca.it

2001SP

AISI304 Stainless steel weighing platform with 4 stainless steel IP68 load cells and loading plate liftable with stainless steel gas spring - CE Approved

Find out more
about the
product on
odeca.it

2001SP IP69K

AISI304 Stainless steel weighing platform with 4 stainless steel IP69K load cells and loading plate liftable with stainless steel gas spring - CE Approved

Find out more
about the
product on
odeca.it

960/4C

Weighing platform with 4 load cell with integrated pit frame and heavy duty structure - CE Approved

Find out more
about the
product on
odeca.it

960P/4C

Low profile weighing platform with two access ramps - Height 50 mm - CE Approved

Find out more
about the
product on
odeca.it

960P ISP

**AISI304 Stainless steel weighing platform with
4 stainless steel IP68 load cells and loading plate
liftable with stainless steel gas spring - CE Approved**

Find out more
about the
product on
odeca.it

960P ISP 69K

**Stainless steel low profile weighing platform
with 4 IP69K load cell liftable with AISI316L
gas pistons**

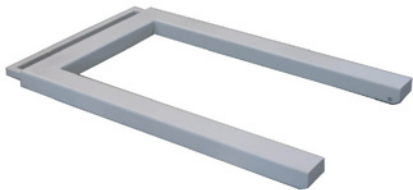

Find out more
