CENTER PRINT POSSIBLE WITH FOLLOWING LENGTHS : 180, 200, 230, 270, 320, 350

KEY FEATURES :

- **Grease Resistant :** Our premium paper is engineered to prevent grease from seeping through, ensuring that your products stay fresh, attractive, and mess-free.
- **Oven and Microwave Safe :** Designed for versatility, our paper products are safe to use in both ovens and microwaves, offering convenience without compromising quality.
- **Oil Resistant :** Built to last, our paper maintains its strength and structure even with oily or moist contents, preventing sogginess and leakage.
- **Anti-Freeze and Heat Resistant :** Capable of withstanding extreme temperatures—whether hot or cold—without warping, fading, or sticking to your products.
- **Eco-Friendly :** Crafted from 100% food-grade paper, our products are not only safe for food use but also environmentally sustainable, helping you reduce your ecological footprint.
- **Versatile Applications :** Perfect for a wide range of uses, including snacks, baked goods, fast food, medical supplies, fresh produce, and more, making our products adaptable across multiple industries and needs.

Company Profile

Since 2006, Sphere International has been at the forefront of the Baking and Confectionery Industry in India, introducing Grease Proof Paper Cups and Oven-bakeable Paper Moulds. Our journey involved educating the market about the advantages of our innovative product line, resulting in multiple awards for our exceptional product launches and solidifying our position as a market leader. Within a short span, we became an essential part of the nationwide Bakery and Sweet Industry. To further enhance our operations, we established a cutting-edge manufacturing facility in Pune, equipped with in-house printing and design capabilities for market adaptability and efficient deliveries. Our organization stands out as the only Indian company with such modern facilities that align with Indian ethics and culture.

In 2021, we rebranded as CUP AND MOULDS LLP to better represent our identity and values. Our commitment to delivering quality products and services remains unwavering, and we eagerly anticipate serving our customers under this new name with the same level of excellence they have come to expect. We are dedicated to environmental care, using the finest raw materials, reviewing our production processes, and manufacturing products in compliance with environmental standards.
