COMPANY

Asian Packing Machinery Pvt. Ltd. began in 1990 with a decision to produce the best packaging machinery possible for world-wide market. We are one of the most prominent names among the manufacturers, exporters, and suppliers of all type of pouch packing machines,. Our range of Automatic Packing Machine includes VFFS Machine with multi-head Weigher, VFFS Machine with volumetric Cup Filler, VFFS Machine with Servo Auger Filler, VFFS Machine for Small Sachet

Our engineers are not limited to yesterday's technology. New highly efficient, mechanical and electrical components are available and we are following the latest technology. Every machine component is designed with reliability, longevity, durability and a minimum of operator involvement as its top priorities. Our Machineries are highly appreciated by our clients for its high performance, durability, low maintenance and less power consumption.

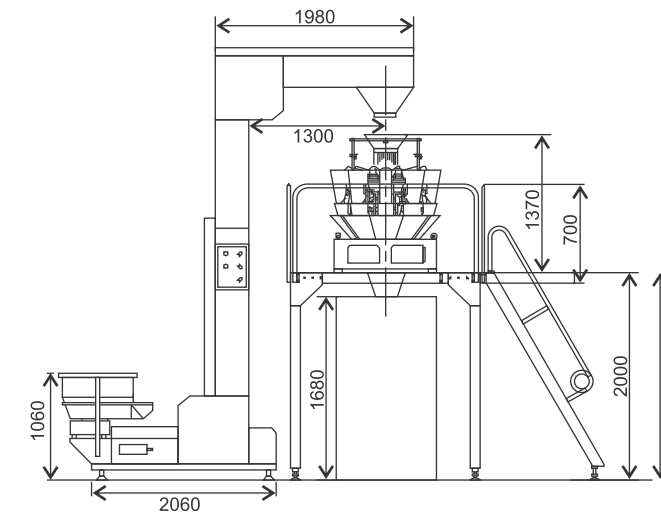

Asian Packing Machinery Pvt. Ltd. vision is to be the leading global resource for packaging, and its mission is to improve and promote members abilities to succeed in a global marketplace. We understand the importance and necessity for going the extra mile in today's business environment. We are globally renowned for making the highest quality equipment, offering responsive service and committing to meeting their customers needs. We are able to offer accurate delivery dates, control pricing, reduce our customers parts inventory. We have developed the good working relationships with many of our clients. They are satisfied with our products and after sale services.

Our Motto

"We promise to deliver the best products to our clients, at the best possible prices with highest standards of quality."
