

SPOUT

WHAT IS IT

An Easysnap® Drop is an Easysnap® one hand opening technology packaging system with a drop dispenser.

HOW TO USE IT

Bend it and fold it in half with one hand.
The packed product is distilled drop by drop from the spout along the fold of the pack.

how to use an Easysnap® Drop

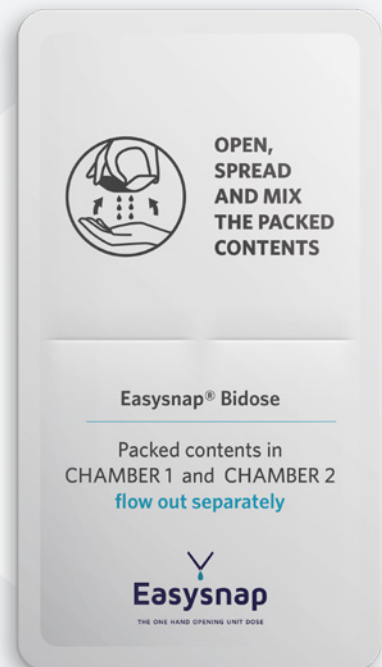

TOP

Two separate chambers

BOTTOM

Dual separate notches on semi-rigid bottom

WHAT IS IT

Easysnap Bidose is an Easysnap® with dual chamber and dual notch. Keep two formulas separated in one Easysnap®. Packed contents flow out separately.
