

# PATENTED

## BIOPAP® EASY GENIUS ECOSYSTEM

The ecosystem that solves the delivery of complete meals with both hot and cold dishes, without setup and infrastructure at destination

Scalable:  
from 1 to 500 meals  
per day

Low initial  
investment

Safe and hygienic

No washing up,  
zero waste,  
compostable with  
service leftovers

Light and  
easy to use

Ensures core  
temperatures up  
to 3 hours  
after sealing

Reduces  
preparation  
and  
service costs

Increases meal  
and  
service quality

Simple to implement  
and operate

10-2025

## Two elements, one system

### BIOPAP® EASY GENIUS

The compostable GN ½ meal tray is practical, modular and self-supporting. Sealed directly in the central kitchen with hot and cold dishes, it guarantees:

- ✓ Maximum hygiene and safety
- ✓ Reduced preparation and handling times
- ✓ Optimal maintenance of food quality and temperature until consumption

### BIOPAP® EASY BOX

The lightweight, ergonomic and high-performance insulated container. Each box contains a complete meal, with a space for identification labels that ensures traceability and accuracy.

- ✓ Durable, washable, recyclable
- ✓ Stackable and modular, to facilitate the transport of multiple meals at the same time
- ✓ Quality, durability and performance signed by leader sector POLIBOX®
