

About AGI

AGI is a global expert in providing farmers, processors and commercial customers with the right equipment and customised engineering solutions to produce, protect and deliver the world's grain, fertilizer, seed, rice, feed and food supplies.

For over 30 years, AGI's Europe, Middle East, and Africa (EMEA) division has been focused on providing solutions that meet the unique needs of the region. From its headquarters in Ozzano dell'Emilia, Bologna, Italy, and state-of-the-art production facilities across Europe, AGI serves a wide range of customers, from small farms to grain traders, millers, feed mills and large port facilities.

CRAFTING
THE FUTURE OF RICE,
ONE GRAIN AT A TIME.
