

Food Excellence Specialist Sdn.Bhd.

Food Excellence Specialist Sdn. Bhd. (FESSB) is a leading non-dairy creamer producer in Malaysia. Our current capacity is 72,000 metric tons per annum. Non-dairy creamer has wide ranging applications in the food and beverage industry, and its demand is forecasted to grow robustly. We are committed to offer you a relevant array of creamer profiles, cappuccino foamer, and the possibility to customize the product to your specific needs.

Leading with Excellence

Non-Dairy Creamer Application

- Premix Beverage** FES NDC is perfect for use in premix beverage sachet mixes, like in coffee, cocoa, cereal and tea mixes. The good solubility creates the perfect blend of coffee, cocoa and tea.
- Ready-to-drink** FES NDC solubility and stability make it perfect for tea or coffee sold in Can or PET bottles.
- Food Service** FES NDC is used to enrich popular hot and cold on the go beverages like Hong Kong and Taiwan style milk tea and bubble tea.
- Pastry** FES NDC work on cake fillings, garnish looking deliciously appetising by maintaining aeration, taste and stability.
