The quality of our products is so well-regarded in India that it is considered a benchmark in the spices industry. The Government of India has honored us as a '**TWO STAR EXPORT HOUSE**,' and we have become one of the nation's largest exporters of spices and agro products.

Our wide-reaching network for sourcing quality agro commodities, combined with years of expertise, gives us a distinct advantage. We have created an excellent portfolio of agro products and simultaneously developed sophisticated infrastructure for sourcing, processing, manufacturing, and shipping. Our key facilities include a large processing unit located conveniently near major ports.
