Dehydrated Onion & Garlic Hub

www.deliciousfood.net.in

A close-up photograph of several onion seedlings planted in dark, rich soil. The seedlings are arranged in a grid-like pattern. Most are light brown/gold, but a few are a deep purple color. One purple seedling in the center has a small green shoot emerging from its top. The text "About us" is written in a white, elegant script font across the middle of the image, partially overlapping the seedlings.

About us

The five elements that make up Delicious Food

Delicious Food is manufacturer and exporter of dehydrated /toasted/fried onion and garlic products. Products includes Flakes (Kibbled), Chopped, Minced, Granules and Powder. Our company handles the entire production process right from growing, processing, and exporting it to the overseas markets.

The company is well-equipped with modern facilities. We have been standing strong in the international market for more than 15 years which has led us to expand our business more than 20 countries. Currently, we are doing business with Russia, North American and South American countries, European Union Countries, African countries, Middle east countries, far eastern countries etc.
