## 关于卓恒 About Zhuoheng

携手合作 · 相伴共赢  
Joint Cooperation And Common Development

Jinan Zhuoheng Extrusion Machinery Co., Ltd., a shareholders-owned and operated business established more than 10 years ago, is considered as one of Chinese most respected and experienced suppliers of snack food equipment, accessories and services.

Zhuoheng has a comprehensive manufacturing program offering equipment and systems to customers in extruded snack food processing machinery and allied industries. We can supply individual items of equipment or complete factory layouts and lines, which are custom-built to meet the requirements of customers. Our spare part and service division demonstrates our continuous commitment to customers' support and after-sales service. We have successfully completed several large-scale projects from planning to completion and project management. Zhuoheng has a proven record of quality and service.

Each member of Zhuoheng offers special contributions to Zhuoheng's skill base. Skills include design, drafting and good old-fashioned common sense. With in-house design, construction, repair and service, Zhuoheng has developed a "one-stop factory" for the food machinery industry that cannot be matched due to their vertical strength. Zhuoheng's solution-based service structure takes away a lot of your frustration whether you're opening a new snack food service venture or you are a head officer needing urgent solutions.

We insist on improving the standard of products and try our best to serve our clients. Our goal is to become the biggest and best snack food processing machinery manufacturer in China. We hope our products could benefit clients from all over the world.
