in Malaysia

EVERY DROP MATTERS.

About us

1993

Palmtop was incorporated, marking our entry into the edible oils industry.

2008

Established ourselves as a global leader with expanded operations and exports.

2015

Became a subsidiary of C.I. Holdings Berhad, a company listed on the Main Board of the Malaysian Stock Exchange.

2024

Reached record-breaking production capacity and global market presence.

Founded in 1993 in Malaysia, **Palmtop Sdn. Bhd.** has grown to become one of the leading manufacturers of edible oils in the industry.

We Deliver The Best Quality

Operating from five state-of-the-art manufacturing plants strategically located in Pasir Gudang and Port Klang, Malaysia, Palmtop is committed to delivering premium-quality products while maintaining sustainable and ethical practices.

Our marketing arm, Continental Palms Pte Ltd in Singapore, supports market intelligence and distribution, ensuring our products meet the dynamic needs of customers worldwide. With major exports to Africa, Middle East and Asia Pacific, we continue to expand our presence and network.

Guided by our tagline, "Every Drop Matters," Palmtop's success is driven by our unwavering dedication to quality, innovation, and customer satisfaction.

Our Vision

Our vision for the future is geared not only to growing our business, but to help our customers grow their businesses as well.

Our Mission

Our mission is to apply advanced technology to produce the highest quality oils on the market today, and to satisfy our customers with a quality product and optimum service at a fair price.

We Build Global Presence with Strength

CSR & Sustainability

At PALMTOP, we are committed to making a positive impact on society and the environment. Our CSR initiatives focus on improving local communities, supporting education, and contributing to social welfare. We believe in sustainable growth, which is why we implement eco-friendly practices across our operations, from responsible sourcing to reducing our carbon footprint. Through these efforts, we aim to create long-term value for both our stakeholders and the planet.

Our approach to sustainability ensures that we not only meet the needs of today but also preserve resources for future generations.

UPHOLDING STANDARDS & FOOD SAFETY

At PALMTOP, we recognize the vital importance of food safety and quality in the edible oil industry. As a leading player in the market, we are dedicated to upholding the highest standards at every step of the production process, ensuring that our products are not only safe but also of the highest quality for our consumers.

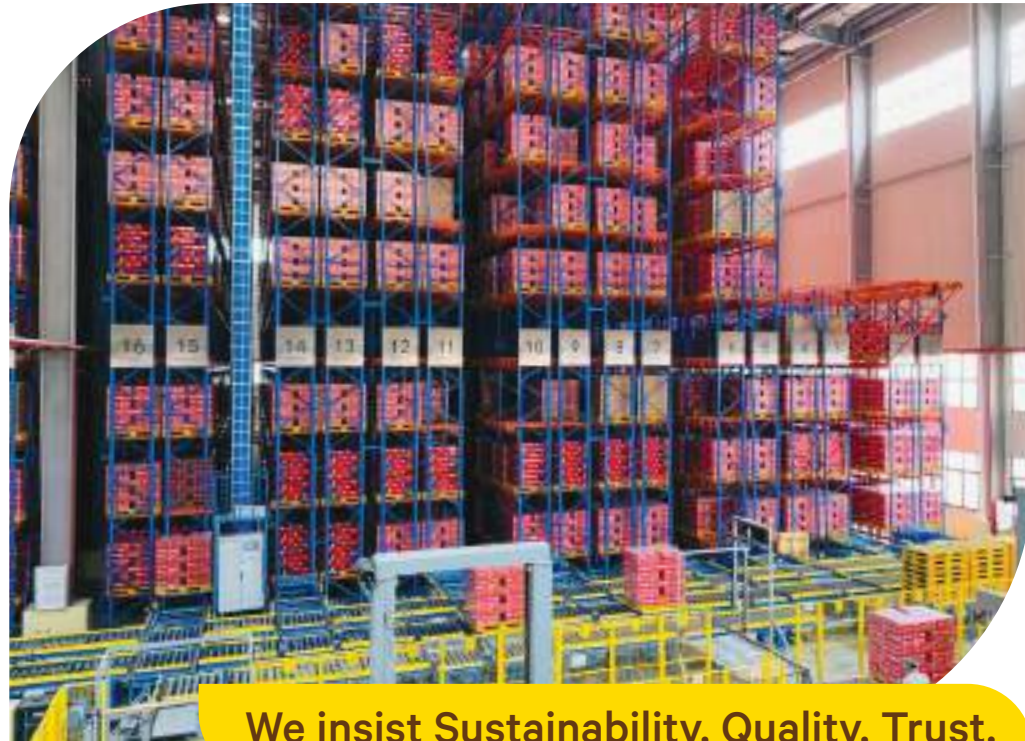

OUR QUALIFICATIONS

Revolutionising Efficiency at PALMTOP

At PALMTOP, we embrace cutting-edge technology to enhance our operations. Our **Automated Storage and Retrieval System (ASRS)** is a state-of-the-art innovation that plays a pivotal role in optimising our production and logistics processes.

- ✓ Increased Storage Capacity
- ✓ Faster Order Fulfillment
- ✓ Enhanced Accuracy
- ✓ Improved Efficiency
- ✓ Sustainability

We insist Sustainability, Quality, Trust.

ADVANCED TECHNOLOGY Production

The ASRS system symbolizes our dedication to innovation, helping us meet growing global demands while maintaining the highest standards of quality and efficiency.

CONDENSED MILK

We only use high quality milk powder for our sweetened condensed milk. We ensure our products are prepared under stringent quality controls. As our sweetened condensed milk are vegetable-fat based, it is a suitable substitution for milk fat, making it a nourishing product for a wide range of applications.

EVAPORATED MILK

Evaporated filled milk is a practical and versatile dairy product that offers a variety of culinary applications. It is commonly used as a substitute for whole milk or cream in various culinary applications. Compared to whole milk, evaporated filled milk is often less expensive due to the use of vegetable oils in place of some of the dairy fat.
