JAMOCA  
EST 2007

Jamoca coffee processing factory with 17 years of brilliant history in the production of coffee and its derivatives, is one of the pioneers of this industry in Iran. Jamoca has always considered customer satisfaction as one of its main concerns and has not given up any efforts in the way of achieving this goal

The production of high-quality and health-oriented products and products free of any flavoring and chemical additives in accordance with international quality standards, is a proof of this claim. Besides, Jamoca has always tried to produce and offer new quality products according to market and consumer needs. We always appreciate your warm presence and sincerely thank you for choosing us as your partner and colleague
